

LETTER SOEP (asking for things) - 1st EDITION

Samenschool is a space with multiple identity. Samenschool is a bunch of people very passionate about art. We are very very happy to introduce you to the first edition of the newspaper LETTER SOEP!!!

In this edition we concentrate the content on "asking for things" so next content will be made together with who wants to jump in. With the newspaper, we want to create a space of exchange and communication for neighbours, artists, children, pigeons, dogs, local business... and anything else you can think off.

LETTER SOEP will periodically be distributed in the neighbourhood of Bergerhout. You can deliver us the content by mail or e-mail or you can come to Samenschool. Include your address and we will send you the magazine.

Modder vliegt in het rond, raakt bijna mijn vriend
die een sigaret rolt. Barrage verzekerd. Iemand
overhandigd mij een drankbonnetje,
er staat een zeemeermin op.
De geur van gegrilde ham en smaak van bier. Het is
een zonnerijder met rottende beenderen. Mensen
wandelen in het rond, hun hoofden naar beneden, er
loopt iemand tegen een paal. Een dof geluid van een
harde schedel tegen een koude metalen paal. Het is
"community day", veel jonge mensen uit het dorp lopen
mee. Gisteren keek ik in de spiegel.

Dear all With pleasure we would like to introduce you to our "Samenschool kitchen". (Little break) >Here we talk about about the horrific state the world is in now (Maybe Monsanto? Bannon?)< BLA BLA BLA . . . Every Where BLA. No food waste, please, thank you. (Short break) We fight? Better world? What to do with wasted food? Use it for Amazing Food! HEALTHY! NUMBERS: - 1/3 of the produced food in de world ends op in the TRASH. - More than 850 000 000 people are starving. - 2 000 000 tons of food ends up in the thrash enery year only in Flanders. No set prizes, no set method of payment, we are not a biiiizzznis. We are (the) PEOPLE, (we are) together we can create a/the new FoodOrder, (Silence) Co-operative (Food) Order. As you know the problem of the wasted food is very present in our world. We try to keep it short and not to use some FAKE NEWS. Every day a lot of goods are being thrown into the trash. This is a painful fact and a part of mass consumption. The shelves in the shop have to look full and fresh. So if an apple or a tomato is one day old, it will end up in the garbage. But there is still a lot of people starving? Why is this happening? We want to trigger some action to come together! Not for me or you, for all of us. An awareness. We are the future of a better, more social world. And we are the ones that have some things to say about the bureaucratic (dry) system that is not working that well as we can see. Let's use this to make. Join the "Samenschool Kitchen" movement in your own way. We are looking forward to meet new people, exchange ideas and make new friends. We need it! We are open to collaborate with you all! Without limits of social conventions! Do you want to kook with us? Or you have some food left? Or some nice recepes ? Come and share with us! or Contact us: Info@samenschool.org Samenschool Kitchen Team!!!

Beste, heb je toevallig deze
mooie kip gezien?

WIJ MISSEN DEZE KIP,

Deze was voor het laats gezien op het "Breydel weide" op het
einde van de Turnhoutsebaan. Wij denken dat iemand de kip daar
achter heeft gelaten. In deze Breydel weiden leven verschillende
wilde planten en dieren. De "Zwarte Kip" was de koningin van dit weide.
Op een plaats waar dat er geen planten groeiden tegen de hek
liet de kip zich soms zien. Er was ook de plaats waar dat de mensen
offers konden brengen. Zoals een potje met water of restjes van eten
dat de koningin lekker vond.

Heb je deze kip gezien?

Below the sign is a drawing of a person's head and shoulders, with the text "Kao" visible. The background is a mix of white and light blue paper.
